A Falsehood Refuted, a Perjurer Convicted and a Libeller Exposed.

In the *Herald* of Saturday is an article a column in length, with a caudal appendage in the shape of an affidavit, charging that Hon. George L. Woods, the Union candidate for Governor, had, in the year 1861, hired one John L. Baker, now living in Yamhill county, and a man named Wells, now understood to be residing in Washington Territory, to cut down an American flag in the village of McMinnville The secessionist and traitor who edits the *Herald*, know well whom he wrote and published his article of Saturday, that the whole affair about the flag in question was investigated on the 10th instant at Lafayette in the presence of nearly all the people of Yamhill county, and that Mr. Woods was triumphantly proven to have been in no way connected with the transaction. The affidavit of Aaron Lynch, the Copperhead who asserts that Mr Woods did hire Baker and Wells to cut down the flag, affirms that the said John L. Baker told the affiant, (Lynch) that Mr. Woods "had got him (Baker) and Wells to do it." Now the traitor of the *Herald*, who wanted the South to achieve its independence, who said the national debt would be repudiated and that the Western States must secede from the East, knew very well that John L. Baker, the person who is said to have assisted in cutting down the flag, and who is reported by Lynch as having said that Mr. Woods had got him and Wells to do it," publicly arose at the meeting of the gubernatorial candidates at Lafayette on the 10th inst., went upon the stand and told the people of Yamhill county that Mr. Woods HAD NOT HIRED OR ASKED HIM TO CUT DOWN THE FLAG; THAT HE HAD NEVER STATED THAT MR. WOODS HAD DONE SO; AND WHOEVER ASSERTED THAT HE HAD SO STATED, UTTERED AN INFAMOUS FALSEHOOD. All this the secessionist of the *Herald*, WHO ONCE SAID THAT THE FLAG SHOULD CEASE TO WAVE OVER HALF OUR TERRITORY, well knew when he published the slander, But we have not done yet with this matter. We give the following affidavit from John L. Baker himself:

State of Oregon, }
Yamhill County. }

Personally appeared before the undersigned on the 15th day of May, 1866, John L. Baker, and being duly sworn says, that sometime during the month of September, 1861, affiant and J. A. Wells were riding past the flag pole in McMinnville, about 10 o'clock at night, when said Wells remarked "let us cut down the flag and have a little fun," upon which said Wells rode up to the pole, cut the halyards and brought the flag to the ground, and then took off and left. Affiant says that he did not assist or encourage said Wells in said act in any manner whatever Affiant further says that he has never heard Wells or any other person talk or threaten to pull down that flag prior to the remark of Wells at that time. Affiant further says that neither G. L. Woods, S. C. Adams nor any other person has ever had any conversation with affiant directly or indirectly with affiant in regard to pulling down that or any other flag. Affiant further says, that he never told Aaron Lynch or any other person that "G. L. Woods" or any other man "got affiant and Wells to do it."

Affiant further says that any statement of any person implicating Adams or Woods, through the statement of this affiant, and contrary to the foregoing is a shameless, malicious and unmitigated falsehood.

JOHN L BAKER.

Subscribed and sworn to before me, May 15, 1866
E D WARNOW,
Justice of the Peace

This effectually disposes of the malicious falsehood about Mr. Woods, which was purposely invented by the traitorous Democracy to injure and defame him. When did these Democrats who are so horrified about this matter, say a word against the action of the rebels in pulling down the flag? Never did M. H. Abbott of the *Oregon Herald* so strongly condemn his rebel friends for dishonoring the flag as he has vilely assailed Mr. Woods on this false accusation.

"What is Treason?"

In the *Herald* of Saturday M. H. Abbott asks the above question, and in the course of his dissertation in answer to it, makes confessions enough to prove himself guilty of the crime which he undertakes to define. Until Saturday, this M. H. Abbott of the *Oregon Herald*, had vehemently denied the authorship of the extracts which we have, of late, been so plentifully quoting from the *Pike County Democrat*. On that day, in the course of his inquiries as to what constitutes treason, he made the important admission, by way of illustration, that he *had* once published it as his opinion that the "Confederate States would achieve their independence," and that he *had* said that the "national debt would ultimately be repudiated." From these confessions it may be inferred how many more of the articles which we have copied from the *Pike County Democrat*, and of which he has heretofore denied being the author, are to be attributed to his pen Not many days ago, he replied to our accusations that he had published disloyal sentiments during the war, with such Democratic arguments as "libellous liar," and "cowardly scoundrel," but now, forsooth, in comes this abused patriot (?) and confesses that he *did* say in his paper in 1863, that the rebel States would achieve their independence, that the national debt would be repudiated, that as the South was to be separated from the North, SO HE DESIRED THE EAST AND THE WEST TO SEVER THEIR POLITICAL RELATIONS WITH EACH OTHER and that the West, after cutting loose from the East, would rejoin the South, and thus consummate the Democratic idea of "leaving the Middle and New England States out in the cold." M H Abbott, of the *Oregon Herald*, DELIBERATELY CONFESSES that these were his sentiments in 1863—THAT HE WROTE THE ARTICLE which we copied not long ago from the *Pike County Democrat*, ADVOCATING THE RECOGNITION OF THE INDEPENDENCE OF THE REBELLIOUS STATES, INSISTING ON THE REPUDIATION OF THE NATIONAL DEBT AND DECLARING THAT THE WEST OUGHT TO SECEDE FROM THE EASTERN STATES Well may M H Abbott in inquiring "what is treason" cite his own conduct as an example Days ago we proved him a SECESSIONIST AND TRAITOR, now he CONFESSES IT Here is a man who is an acknowledged leader of the Democratic party of Oregon, who admits enough of his record to prove him a TRAITOR IN INTENT, as vile as the vilest Yet this man, infamous as his record is, is no worse, but rather better, than the majority of his party in this State Union men of Oregon, BELIEVE THESE TRAITORS ON THEIR OWN CONFESSION, and trust not to their protestations that they are now, and always have been in favor of preserving the Union HOLD THEM TO THEIR RECORD AND COMPEL THEM TO STAND BEFORE YOU AND THE COUNTRY IN ATTAINDER OF ETERNAL SHAME!

[DISPATCHES TO THE OREGONIAN]

DATES TO MAY 19.

Connecticut Senatorial Question.

CHICAGO, May 16th —There seems to be a hitch in the election of the United States Senator by the Connecticut legislature. The House on its part elected Gen Ferry on the 10th, and the Senate was to have been called the next day, but the latter postponed the election one week Republicans from Washington say Ferry will certainly be headed off He claims to have intelligence which if true makes him and Washington (and happy over that there is to be a Democratic Senator in the Connecticut Senate until the 4th of March next, the day of the Seventieth Congress. The vote stands as follows: In the House the vote gave Foster 106 to Fish 91 all heard on 7—thus giving Ferry a majority in that body

Purchase of Lower California.

NEW YORK, May 19 —A communication in the *Tribune* concerning the purchase of Lower California by an American company says the grant of Lower California will be made to the Commercial Bank of Mexico, which were recently organized by the company solicited to was made by the Republic in the interest of Mexico on the 1st of March last to the advent of Maximilian, and when Juarez was in full power This grant remained unacknowledged until April last when the company paid the money to Minister Romero The grant has been carefully examined by Hon R J Walker and Caleb Cushing, both of whom have pronounced it regularly made, full in its power, and altogether valid

Washington May 19 —As the contract for the colonization of Lower California is said to be misunderstood it may be of interest to state from official data that Jacob P Leese, with the endorsement of the local authorities made a contract with the Mexican Government for the colonization of parts of Lower California He was to receive land at a tariff of prices and in advance certain sums of money as a part of the payment which it was agreed should be paid at San Francisco. This was afterwards changed so that the money should be paid at New York and was paid to Romero. The Mexican government therefore has sold some vacant lands but not the sovereignty of the country The provisions of the contract are by no means very advantageous to Mexico

Congressional.

WASHINGTON, May 17 —In the Senate, the bill to prohibit the carriage, shipment or transportation of nitro glycerine on passenger vessels or railroads, was passed The Senate also passed the bill to grant lands in aid of the construction of a railroad from the Central Pacific Railroad in California, to Portland, Oregon The diplomatic appropriation bill was taken up, discussed, amended and passed The West Point Academy bill was amended so as to allow the vacancies following to be filled from the South, and passed Sherman wished to have an understanding about the funding bill Wade, of Ohio, submitted amendments to the reconstruction committee's report Adjourned

In the House, Eason, of Iowa, from committee on weights and measures, reported a bill to authorize the use of the decimal system, the Secretary of the Treasury to furnish one set of standard weights and measures, and also authorizes the use in the post offices of weights of the denomination of grammes, and authorizes the President to appoint special commissioners to facilitate the adoption of uniform coinage for all countries. Bill passed.

Mr Jenks, of N H, from the select committee on bankrupt law, reported a new bankrupt bill modified so as to meet the objections heretofore made The House resumed the consideration of the tax bill. The paragraph in regard to miners gave rise to considerable debate. Stevens, of Pa, Kelly, of Pa, Mettner, of Cal, Bidwell, of Cal, and Hooper, of Mass., took ground against the tax, and Morrill, of Vt., Blaine, of Me., and Schenck, of Ohio, defended it Finally the paragraph was struck out

The Speaker laid before the House a message from the President, transmitting a communication from the Secretary of War and a letter from Gen. Grant in regard to legislation for the army—referred to the military committee.

NEW YORK, May 17 —A special dispatch to the evening papers say the President's message to-day, inclosing Gen. Grant's letter, asks for the immediate passage of a bill to increase the regular army The Lieut-Gen assigns as a reason for this request the fact that more troops are needed on the frontier and at the South. He also expressed the opinion that the troops cannot be withdrawn from the South with safety for some time to come

The House committee on freedmen have agreed to report a resolution for the appointment of a joint committee of Congress to investigate the working of the Freedmen's Bureau system, to travel through the Southern States, take testimony and report to Congress.

WASHINGTON, May 18.—The Senate, on Tuesday, refused Mr Chandler's resolution, imposing upon the Secretary of War, with the concurrence of the Secretaries of the Treasury and Navy to adopt and enforce sanitary regulations against cholera—ayes, 17; noes, 19. The majority regard it as a direct affront to the President and as an unwanted supercedure of authority in the premises The Senate then amended the House resolution, substituting the Secretary of the Treasury for the duty, and discretion, the former to render all necessary aid to State or municipal authorities in the enforcement of a quarantine

The Senate will probably take up the Constitutional Amendment on Monday, and Sherman's loan bill will have to go over another week The House is working industriously on the tax bill, and probably will not get through before the end of the week The diplomatic appropriation bill contains the Senate amendment in which the House probably will concur, creating a Second Assistant Secretary of State, and Chief Clerk Hunter will doubtless be named for that position The examination of the affairs of the Merchant's National Bank shows $42,000 paid to Secretary King and other third parties for distribution among disbursing officers who kept public funds in the bank It is expected the bank's assets, not counting personal liabilities of the stockholders will pay three per cent Leonard Heck promised to give $3,000 in aid of the city churches, provided that the trustees kept deposits in the bank The churches had $10,000 deposited.

WASHINGTON May 18 —It is reported that short diplomatic notes have recently passed between Mr. Seward and the French Minister in regard to the French and Austrian troops lately landed at Vera Cruz. Seward insists that no more troops must be sent to Mexico, even to take the place of the killed or disabled, or whose terms have expired The French Minister says the landing of these reinforcements will not delay evacuation as heretofore specified.

There is no truth in the report that the House Judiciary Committee is preparing a bill for the trial of Davis by a military commission The House Judiciary Committee had a tie vote on Stevens' proposition to lay on expectancy on cotton

WASHINGTON, May 19 —The House considered bills reported from the Pension Committee.

The House instructed the Committee on Public Lands to inquire if the planting and great growth of forests in the interior of the continent may not be secured and encouraged by a bill of appropriate legislation

Several bills of local interest to District of Columbia were passed.

Mr. Schenck, from Military Committee, reported a bill to equalize bounties, on which he would ask action next week. The bill establishes $61 50 as a basis of equalization, bounties received to be deducted and balance paid in money Balance of session was devoted to the tax bill

Gold Legal Tenders—Mining Stocks

The price of gold in New York on the 18th instant depended upon $1 25 sterling remaining firm at quotations, legal tenders remain without declining one with if anything a little more in the market. Mining stocks continue dull and the tendency of most descriptions is to a lower range of prices Belcher declined 20, Yellow Jacket 5 16 Chollar Potosi and Overman on the other hand were a little better than at the corresponding board yesterday For Ophir, paid $1,150 was offered, and $1 200 asked Crown Point paid $92 per foot Hale & Norcross is also quoted on dividend of $50 per foot We are informed that there is a strong probability of an old time bitter law-suit about to be commenced by the Savage Mining Company against Hale & Norcross mining company appeal sinking on the boundary line I etc on the two companies Negotiations are said to have been pending for some time to effect an amicable settlement of the matter but so far have been unsuccessful The history of mining suits in the Nevada law Courts has been a most unprofitable one to all concerned and it is much to be regretted that the experience of the past has not had its effect upon parties at this time The question to dispute is the insignificant matter of a mining ground six feet upon which the Savage company is reported as about to commence a suit that may cost thousands of dollars, with a possibility being unsuccessful in the end. We learn that under the proposed compromise by the Hale & Norcross company such company would have as many feet as they have used on Well informed parties about to bob on that there are others than the managers of the Savage company whose interest it is to involve the company in an expensive litigation, thereby depressing the value of the property, with a view to personal profit Compared with Saturday's prices, stock quotations indicate the following variations

Savage, per foot, (May 19th) $2 75; Gould & Curry, $3 50; Yellow Jacket, $7 25; Challenge-Potosi $2 25 Ophir, $4 13, Overman, $95; Hale & Norcross, $2 50 Crown Point, $22, Alpha, (G H) per share, $2 20 Bullion, $27 Imperial, $30, Confidence, 35, Empire Mill $15 50, Nevada, $8 Belcher, $2 70

BIERSTADT'S MOUNT HOOD.—This celebrated painting and by competent judges who have seen both to be equal to Bierstadt's best now in exhibition at the art gallery of Messrs Shanahan & Dufrene corner of Morrison and Front streets From our limited understanding of art matters we are not fully prepared to give, perhaps a correct expression regarding this effort of Mr Bateman Yet as well pleased with the locality selected and view as he can be regarding the picture produced by the painter, people will be a good deal more likely to recognize Mount Hood than they would the former production, although of a noted artist like Bierstadt If what Oregon has wrote us be true of Bierstadt's picture it should be hooted out of existence—or rather not be allowed to disgrace an exhibition One thing we do feel competent to say, regarding Bateman He has succeeded in placing a most admirable fore-ground to his picture and one that is decidedly characteristic of Oregon The hazy appearance of the atmosphere is rather against our ideas of art, but is nevertheless very much in conformity with nature itself Bierstadt improved his picture by substituting mountains, we are informed and so far as the picture of Mr Bateman is concerned, we think it could have been "improved" somewhat by leaving out a portion of the hazy appearance, and yet as truth is the chief end of art, by doing so he might have obtained a something called beauty, while the real aim of his study—a truthful picture—would have been lost We should like to see a picture of Mount Hood by Bateman from the vicinity of Fort Miller down above the Dalles We believe he could add to art by such a painting, something more than he has by this, and clear up the minds which have been beggared with so much falsehood and misrepresentation that what is true and faithful work of Oregon scenery is looked upon by Oregonians abroad they cannot recognize it. There are now many pictures of Oregon scenery—the finest in the world—but not too many and with the success which has attended Bierstadt, Bateman Brink, Tait and others, it is clear to our mind that the coast will favor such views, and that they must possess an excellence to recommend them, else they would not be purchased by such lovers as steward, the Rose and others Last year's sales ranging from $25,000 to $40,000 each We are glad that the best influences are being felt in this respect and that those artists of the country who have an established fame, whose names have vindicated their claims to honorable mention, may now make room for some of the new men, and some of the new works, which shall have some of the best places.

BURNED AWAY.—The wooden building—two stories and one—constructed in 1850 at the corner of Alder and Front streets, has at last been got fairly under way in its journey to a new site above Salmon street. The first laying of the granite upon which it has stood for six—ten years, afforded much amusement for men boys and dogs, in rat killing, as the rodent mammals were thrown out of their burrows in the ground underneath This building, in its time, was an ornament to the city It has passed through various mutations, having been used successively for merchandising, bank-selling, printing, saloon, cigar and other branches of business. It will now be considered as good property as there is in the city, and a brick building, which will be decidedly a credit to the enterprise of its owner, will soon rise upon the ground.

BOATS.—We observe that the past few days numerous small crafts have dotted the Willamette in front of this city with parties who enjoy boat riding. On Saturday we had a hand at the business ourself, and after "tacking," "laying off," "luffing up," and "cruising stays" a few times, returned to the Willamette Iron Works with the craft—Mr Stallock's boat—very much pleased with the "trades." We would give those persons who are not experienced a word by way of caution, when you go out in the broad river sailing, be sure that you are provided with a box of Higgin's soap, as there is danger of being upset, and this soap would enable you to wash yourself ashore

THE STONEWITCH CASE.—Mr. Aldman, lately on trial in the Circuit Court for Umatilla county, for the hanging of Stanghton, was honorably and almost unanimously acquitted. The attempt was made to make this a party case, by the Copperheads we are informed for the purpose of casting odium upon Union men, alleging that they were partners for Vigilance Committees. But we understand that the effort was a most miserable failure So far as the vigilance committee was concerned, the fables target upon the authors of the scheme, and throw the responsibility of those matters as much upon Copperheads as they would have turned it upon Union men.

CHICKEN THIEVES.—A few days since we received a note from a citizen, stating that there was an old Indian living about a distance west of Tenth street, who was in the habit of purchasing stolen chickens from boys. The Indian, it was supposed, sold the poultry they procured in a manner. We have no doubt but that the city is infested with chicken thieves, and the matter is recommended to the attention of the police. On Saturday night last a citizen living on Park street, south of Alder street, had nearly his entire stock of poultry Persons owning chickens will do well to use precautions for the safety of them.

ROAD TICKET CAUGHT.—We learn from Policeman Saunders that a certain notorious rascal who was prowling around this city last winter for no good purpose, was captured by a bullet, not long since, near the foot of the Blue Mountains, for stealing horses. The pistol from which the bullet was discharged, was held by the firm nerve of one of those citizens east of the mountains who, in connection with Stearn here, have determined that the flock of thieves and rough gamblers shall not augment in that section It is bad for "the boys," but business to them.

CONVICTED.—Officer Saunders returned by the steamer Cascade on Saturday evening from Umatilla, where he has been attending the Circuit Court for Umatilla county, as a witness in the case of the State of Oregon vs Daniels and Williams, the thieves whom, it will be recollected, he arrested in this city last winter for the robbery committed at the Columbia Hotel at Umatilla. Both were convicted and they be expected here en route for the Penitentiary at Salem, on Tuesday night. Williams is said to have "the check" of a genuine highwayman He refused all offer for counsel, and pleaded in his own behalf

FROM ASTORIA.—The steamer John H. Couch, Capt. Howe, arrived on Saturday evening from below. No vessels were in to be towed up the river, and none were seen at the bar. The ship Metropolis, from Carmen Island, with a cargo of salt—dismasted off the bar some time since, and after wards putting in at Victoria for repairs—was being loaded for This bark Helen W. Almy has finished, and will ready for sea on Saturday morning.

TOOK TO WATER.—The high water yesterday floated the large boat lately completed at the ship yard of Mr. Bruce in this city, and the, schooner Maid was successfully launched at the same yard at noon. The owner of the Maid is intending to put canvass upon her again, and will ship the fall season before putting in the machinery. As the Maid has been improved she is now a fine craft, and must be a fast pair

THE BARK ATLANTIA.—This fine, fast clipper ship, under command of that worthy gentleman, Capt. A. B. Richardson, will leave to-day for the ports at the mouth of the Columbia river, to discharge the large guns and shot on board, for Government It may possibly be two weeks before she is ready for sail on her return voyage to San Francisco.

TRADE HOME.—Col. W. W. Chapman, who has lately made a tour of the Boise region, has returned. His reports relative of great activity in those mines. "Times" are much better this season in Boise, than last year, from all accounts.

DISTRICT NOMINATIONS.—At a meeting of the Union men of East Portland precinct on Saturday May 19th, for the nomination of precinct officers, Mr John Everest was nominated for Magistrate, and Mr. Arthur Kelly for Constable. Both nominations were unanimous.

THE STEAMER.—The steamship Sierra Nevada, which according to calculations based upon the supposition that she sailed from San Francisco on Thursday last for Portland,—was due last night, had not arrived up to the hour of going to press We are now more of the opinion that she cleared for Victoria.

CITY FINANCES.—An abstract of the receipts and disbursements of the City Treasury for the quarter ending March 30th, 1866, appears in to-day's paper. The total balances in the Treasury on that date, were $20,714 87 coin, and $318 49 currency

PERSONAL.—Hon S. E. May, Secretary of State, and Hon J N Cooke State Treasurer, of Salem, and T Monteith, Esq., and J. Barrows, Esq., of Albany, called upon us on Saturday evening on their return from the meeting of the Grand Lodge of I O O F held at Dalles City last week.

SUICIDE.—A man known as "Sam" at Umatilla, committed suicide at a lodging house in that place, on Thursday last. Our informant had often seen the man in Portland, but did not recognize him

THE FLOWER PEOPLE.—The steamer Senator Troup Capt Turnbull, has been thoroughly overhauled On Saturday last she made her trial trip, and soon afterwards left on her regular trips

RAIN.—A smart shower of rain fell last evening After several days of extraordinary weather a shower becomes quite refreshing for young ducks especially At this rate our city street sprinkler will find but little to do

HIGHER STILL.—The river is rising so rapidly that teams were pressed into use yesterday for the purpose of removing goods exposed to the flood in basements of buildings on the levee

THE STRIKERS.—One information from San Francisco is to the effect that the Alaskan and Orizaba both sailed on Friday last for this port

The credible editor of the *Courier* says of a person whom he has heard make a speech

But let the thing speak. His harrangues amount to *Sus et proderes nihil*

This fellow of the *Courier*, like Holofernes, has evidently been at a feast of the languages and stolen the scraps.

DOVE'S KIDNEY & COUGH.—They are the primary cause of nearly all diseases One tablespoonful of the genuine Hall's Pulmonary Balsam taken at bed time will cure any cold, no matter where located.

PICTURE GALLERY.—ELLSWORTH & CARDWELL, 89 First Street, are adding some fine specimens to their already large collection of ELEGANT PHOTOGRAPHS Decidedly the FINEST VIEWS ever seen here can be found at the CARDWELL GALLERY, and they also adorn the Albums of residents of the Atlantic as well as the Pacific slope

Satan Converted

We brand the hypocritical so-called "Union" party as DISUNIONISTS. This brand should stick to them like the poisoned shirt of Nessus, and be as inflammable as was that placed upon the brow of Cain —*Herald*

Do tell! See how Satan has become a saint!—Union men, you whom M R Abbott "brands as DISUNIONISTS," contemplate the moral beauty and grandeur, the patriotic incorruptibility, and the uncompromising loyalty of your accuser as you see these severe virtues manifested in him by the following article from his pen, which was published in the *Lake County Democrat* on the 22d of January, 1863.

I We believe the war will end substantially in the next six months Active warlike preparations will cease *a treaty will be entered into*: but guerrillas will continue to perpetrate their raids for months afterward

II The Government NEVER WILL SUBMIT TO THEIR INDEPENDENCE They will accomplish the object for which they have been fighting Their Independence will be acknowledged by the European Powers and by the Federal Government

III A separation having been thus effected, a question will arise between the Eastern and Western States *We believe the latter States will insist on a separation from the East* We can see no use in continuing with the East We should be lovers of wood and drawers of water for them just so long as our connection with them shall remain and reken

IV A separation having been effected, either peaceful or otherwise the question will arise as to what the Western States will do—WHETHER THEY WILL FORM A SEPARATE GOVERNMENT OR UNITE WITH THE SOUTH Their mutual interests will lead them to join the South

V THE VAST NATIONAL DEBT CREATED BY ALL PARTIES WILL ULTIMATELY BE REPUDIATED for the reason that it will be utterly and totally impossible ever to cancel them

On the 14th of March, 1861, the person who is now in the "branding" business as above described, said

FOR OUR PART WE CONSIDER THE UNION DISSOLVED, NEVER TO BE RE UNITED

Of course when Union men are "branded" as DISUNIONISTS by this UNQUESTIONED PATRIOT, M. R Abbott, the brand will stick to them like poisoned shirt of Nessus, and be as inflammable as was that placed upon the brow of Cain "—in a horn.

Prominent Democrats in this city offer to bet that the Union State ticket will not get over 1 500 majority in the State! *Confident fellows, we'nt they?*

SPRING MEDICINE

FOR

THE B

By Overland Telegraph.

[DISPATCHED TO THE OREGONIAN.]

DATES TO MAY 16.

The Colorado Bill Vetoed. Quiet on the Plains.

CHICAGO, May 17.—The President's objections to the Colorado bill, as expressed in the Veto Message, are:

First—That the establishment of a State government is not necessary in the case of the people of Colorado. The population is small—estimated at from 25,000 to 40,000, principally recent settlers, many of whom are understood to be ready for removal to other mining districts beyond the limits of the Territory, if circumstances shall render them more inviting. Such a population cannot but find relief from excessive taxation if a Territorial system which develops the experience of executive legislative and judicial departments upon the United States is for the present continued.

Second—It is not satisfactorily established that a majority of the citizens of Colorado desire or are prepared for the exchange of a Territorial for a State government. Under this head the President shows the inequality as regards the other and more populous States. The President says: "When California was admitted on the ground of commercial and political exigencies, it was well foreseen that that State was destined to rapidly become a great, prosperous and important mining and commercial community. In the case of Colorado I am not aware of any national exigency, political or commercial, which requires the admission from the sense of equality which has been so generally adhered to in our history." The President concludes as follows: "The condition of the Union at the present moment is calculated to inspire caution in regard to the admission of new States. Eleven old states have been for some time and still remain unrepresented in Congress. It is the common interest of all the States—who are unrepresented as well as those represented—that the harmony of the Union should be restored as completely as possible, so that those who are expected to bear the burdens of the Federal Government shall be consulted concerning the admission of new States, and that more than no new State shall be prematurely and unnecessarily admitted to participation in the political power which the Federal Government wields, not for the benefit of any individual State or section, but for the safety, welfare and happiness of the whole country."

Special dispatches from Washington say there is not much interest now felt in the Colorado question, owing to the certainty that the bill cannot pass the Senate over the veto. The bill will not, therefore, come before the House at all.

Gov. Cummings, of Colorado, has arrived at Washington and reports that perfect quiet is once more restored on the plains along the old emigrant route.

General Howard on the Freedmen's Bureau Question.

WASHINGTON, May 17.—General Howard, of the Freedmen's bureau, writes in answer to a private letter concerning the Stoddard and Fullerton reports: "It is true many of the officers all through the South have invested what little money they could in cultivating plantations, but I have never found any cases of the prostitution of official position for private gain. I encourage settling all kilfing at work. The same malcontents who raised the false alarm that the negroes would not work in freedom, now seek to blacken the reputation of every man who has shown the falsity of their theories by practical demonstration, and declare that official position is used to rob them of their hands." We find a large accumulation of people and we did not them at work. I have not yet the facts as to North Carolina, but you and your friends may rest assured that every shadow of accusation of complicity in crime on the side of the officers there is utterly without foundation. I expect dehunsolation of this bureau, but the same denunciation could be made against the treasury department or any other department of the government with equal justice. The bureau does not do enough to secure the rights of the negro, I admit, but it does not burn negro churches and schoolhouses. It does not reject negro testimony. It does not prevent civil suits until the next crop comes. It will always keep its legitimate objects clearly in view of protecting industry, education and justice.

Arrest of Officers—Merchant's Bank Matters.

WASHINGTON, May 17.—Attorney General Speed returned last evening from his visit to Louisiana. The Secretary of War has ordered Lieut. Col. Spaulding under close arrest. Other arrests of Government officers who deposited funds in the Merchants' National Bank are likely to follow. It appears from the official investigation that on the 20th of April, Paymaster Spaulding attended a meeting of the directors of the bank, held to arrange for the transfer of the public funds to the bank, and by the bank to Paine & Co., to save both from suspension. Paine & Co., then passed to the bank upwards of half a million. Next day, April 21st, Spaulding transferred 500,000 dollars, which was immediately passed over for their Bank operators. The other amounts deposited in the bank by the government officials from that date to May 3d, when the bank suspended, are as follows: D. N. Cooley, Superintendent of Indian affairs 10,000 dollars; paymaster J. H. M. Potter 20,000 dollars; Bobb, disbursing clerk of the treasury 35,580 dollars, H. A. Risley, special agent of the treasury 23,934; Paymaster W. H. Hatcher, 2,000 dollars. The whole amount of Government funds deposited in the bank up to the date of the suspension was 703,312 dollars. The whole amount loaned Paine & Co., upon which there is no prospect of receiving one penny was 714,710 dollars. Individual deposits amount to 98,010 dollars. The assets of the Bank, not counting collateral security for the circulation, are as follows: Specie $3,068, legal tenders, revenue stamps, etc., $76,509, bills receivable not yet due, $9,520, ditto past due and protested $25,347, furniture estimated at $6,017, notes from other banks $6,540. The bank had hypothecated securities not described to the value of $1,995,284 at New York for the sum of $115,000, and there may be some thing derived from this quarter. There is due other banks the sum of $95,872. The failure of the bank is a most unjustifiable swindle.

Amount of Deposits in the National Banks.

The House Committee have begun the examination of witnesses which will show the amount of interest paid on government deposits. A report from the treasury department that there is $21,780,338 public funds deposited in the National Banks, including $11,400,485, in cities where there are sub-treasuries established. There will be an entire overhauling of this system.

Duke Gulu—Robert Toombs.

NEW ORLEANS, May 16.—Gwin was released on parole, without conditions. He refused to take the oath of allegiance, preferring to leave the country. He is visiting his f[illegible] in the city to-day. Robert Toombs left for Eur[illegible] on the 10th of May.

Illinois Union State Convention.

CHICAGO, May 17.—The Illinois Republican State Convention is called to meet at Springfield on the 16th of August. The call is addressed to those who are in favor of keeping in full force Congress, and asserting and maintaining the right of the loyal people, through their Representatives in Congress, to fix and determine the conditions on which the States lately in rebellion shall be permitted to participate in the Government.

The Jeff. Davis Indictment.

It is said that the indictment of Jeff. Davis was drawn to meet the provisions of the Act of the 17th of July, 1862, which provides that any person who shall hereafter put on foot or engage in rebellion against the United States shall be imprisoned not exceeding ten years, or fined not exceeding $10,000: Judge Field, of the Supreme Court, has expressed the opinion that this law repeals all previous provisions of the law for the punishment of treason.

Fremont Buys the South West Branch of the Missouri and Pacific Railroad.

CHICAGO, May 18.—General Fremont has purchased the South West branch of the Missouri and Pacific railroad from St. Louis to Rolla, with right of way to Springfield, paying the State which sold the franchise under the foreclosure of a mortgage of $6,000,000. Four or five millions will be required to complete the road to Springfield, and Gen. Fremont's company say that it will be worth $12,000,000. The new company are obliged to finish the road in four years.

Fenian Affairs.

NEW YORK, May 16.—The Fenian Stephens who professes the title of Chief Organizer to that of Head Centre, raised some $3,000 by the Jones-Wood demonstration, and will start shortly for a tour of the principal cities on a financial errand. He refuses to publish the result of the investigations.

The Treasurer of the Fenian Senate, Roberts, ignores Stephens' authority altogether, and is mustering for a military demonstration.

NEW YORK, May 18.—Mr. Stephens, head center, is receiving messages from circles all over, among those, one from San Francisco, urging the union of factions. Stephens, last night, forwarded a letter to circles in Washington, in which he denies fruitless opposing the faction for the first time. He thinks they have power, but it is power for evil to cause.

The *Herald* says Stiecony declares Stephens nothing but a British spy, who was allowed to escape from prison for the purpose of visiting this country for British interests.

Metrical Weights and Measures.

CHICAGO, May 18.—The metrical system of weights and measures adopted by the House yesterday is merely nominative, Mr. Kasson stating that the committee did not feel authorized to make the law compulsory, but desired to legalize the new system, leaving trade to adopt a choice. The new five cent coinage will be according to the metric system, each piece weighing 5 grammes, so that the pieces will weigh half an ounce avordupois, equal to the weight of a single letter.

Appointments.

WASHINGTON, May 19.—The President has nominated General Osterhaus, of Mo., Consul at Lyons, Gen. W. H. McCoustney Collector of Internal Revenue for the 3d District of Massachusetts, and G. McCantas Collector of Internal Revenue for the 23d District of Pennsylvania, Ex-Governor Johnston having been rejected for that position by the Senate. It is proper to state that the Rev. Edward Fitz was removed from the superintendency of the Trent river freedmen several weeks ago, and is no longer in office. Brigadier General Meredith has been nominated Assessor of the 5th District of Indiana, where a sharp canvass for Congress is going on between Julian and Kilgore, the latter a Johnson Republican adopted by the Democrats.

Freedmen's Affairs.

CHICAGO, May 19.—Chaplain Fitz, the Superintendent of the Trent river Freedmen's settlement at Newbern, N. C., publishes a card in the Springfield (Mass.) *Republican*, Fitz being a resident of Springfield, saying the charges made against him were instigated by Rev. B. W. Pond, the Superintendent of Public Schools at Newbern, and Rev. E. W. Baldwin, an English Methodist Agent for the freedmen, both of whom had abused his negro servants and had been turned out of his doors. He further says the order to collect monthly rents and fines from freedmen for which he is abused, emanated from the Rev. Horace James, former Assistant Commissioner for the bureau. The *Republican* says it manifest a thorough overhauling of the freedmen's affairs in North Carolina is going on, of the four clergymen in the quarrel, the Revs. James, Fitz, Pond and Baldwin, two at least have behaved very recklessly, and probably the whole or three of them, and there is need of something for them to show that either of the four have a clean record.

Jamaica Affairs.

NEW YORK, May 17.—Jamaica advices of May 7th indicate that Sir Henry Storks will be confirmed as Governor of Jamaica. He is in bad health and completely prostrated, both in body and mind. Colonel Hobbs, who commanded the forces sent against the blacks during the disturbances, has become insane, and being on a steamer en route for home, jumped overboard and was drowned.

Austrian Troops for Mexico.

NEW YORK, May 17.—Mr Barreda, who has just arrived at Washington from Europe, brings information that 2,000 Austrian troops had been sent to Mexico since the determination to withdraw the French troops was made public, and he suspects from the date of shipment that the protest by Seward had already been made to the Austrian Government.

Public Sale.

OF LAND FOR DELINQUENT COUNTY TAXES FOR 1865.

BY virtue of a warrant issued out of the County Court of the State of Oregon, in Multnomah county, on the 13th day of April A. D. 1866, and to me directed, for the collection of delinquent taxes for the year 1865, I have this day levied on the following described pieces and parcels of land lying and being in said State and county, in the city of Portland, according to the plat thereof; and on the 6th day of **June, A. HOW NATURAL, AND YET HOW ADREADABLE it is to enjoy the comforts of a good bed to rest in or her weary limbs upon, and it can only be expected that there is no style of bed that compares with the MOULTON SPRING BED BOTTOM, BROMLEY'S PATENT, for Health and Comfort, Durability and Cheapness; can be attached to any bedstead and does not get out of order. The model of this bed bottom can be seen at HENDEE'S PHOTOGRAPH GALLERY, and orders taken for all that may wish to purchase.
